Professional

- University: VNSGU, Surat
- College: Shri Shambhubhai V. Patel College of Computer Science and Business Management, Surat
- Completion Year: 2024

Academic

- HSC (12th): Balanand Vidhyalay, Surat (2021)
- SSC (10th): Balanand Vidhyalay, Surat (2019)

PROJECT

EasyLearn

Description:

- Developed a learning platform to help users gain knowledge in various programming languages. The platform features challenging tasks designed to enhance coding skills and support career building.

Responsibilities:

- **Designed and implemented an intuitive user interface using React.js.**
- **Developed RESTful APIs with Node.js and Express.js for seamless integration.**
- **Managed database structure and queries using MongoDB.**
- **Implemented user authentication and role-based access control for enhanced security.**
- **Conducted performance optimization to ensure a smooth user experience.**

Technologies Used:

- **Front-End: React.js**
- **Back-End: Node.js, Express.js**
- **Database: MongoDB**

EXPERIENCE

CodexByte

- **Duration: 6 months(Internship)**
- **Role: Web Developer Intern** Worked on web application projects, focusing on front-end development using React.js
- **and Tailwind CSS.**
- **Improved application performance through optimization techniques and debugging. Participated in code reviews and collaborated with team members to ensure high-quality code.**

HKDigiVerse

- **Duration: 3 months** **Role: Web Developer** Worked on product-based applications, focusing on creating scalable and user-centric
- **designs.**
- **Designed and developed core features to improve functionality and usability of the**
- **product.**
- **Collaborated with the product team to define requirements and deliver timely**
- **solutions.**
